Main Point

Today, we seek to build on Pastor Chris' wonderful message and overview of Ephesians 2:11-22, paying particular attention to some of the foundational truths Paul teaches related to our new life in Christ. As one preacher has put it, this passage serves as the "biography" of all true followers of Jesus Christ.

- At one time

- But now

- So then

Self Reflection:

- 1) Why do you think it's so important to remember our past spiritual condition?
- 2) Read 2 Corinthians 5:16-21. What does Paul mean when he says we have been given the "ministry of reconciliation"?
- 3) Take time this week to write out your personal "biography" (testimony), including what your life was like before Christ, how you came to know Him personally, and what your life has been like since.
