Main Point

In the past two messages we looked at Unity and Service and now we'll conclude this season-opening mini-series with a look at Sacrifice. Paul appeals to believers to "present our bodies as a living sacrifice, holy and acceptable to God, which is your spiritual worship." As we examine this important and well-known passage, we will answer the following questions:

- Why does Paul use this particular language and what does he mean by sacrifice?
- How does sacrifice relate to the gospel, worship, and pleasing God?
- How does a proper understanding of sacrifice apply to our everyday experience as believers in a godless culture?

Self Reflection:

- 1) What comes to mind when you think of sacrifice?
- 2) Why do we seem to have such a natural aversion to sacrifice?
- 3) In what ways may God be calling you to think differently about sacrifice?
- 4) What is God asking you to sacrifice today?
