Main Point

As Moses led Israel through the wilderness enroute to the promised land, God gave detailed instructions for the construction of a mobile "house", a holy place where He would dwell in the midst of His people – a Tabernacle. But as the bigger story unfolds, we learn so much more about God's desire to commune with His people, for us to know Him!

- Creation and the Presence of God
- Tabernacles, Temples, and the Presence of God
- The Incarnation and the Presence of God

Notes

Self Reflection

- 1) What lessons might we glean from the image of the Tabernacle that we can apply to church life today?
- 2) What furnishings in the Tabernacle do you find most interesting and how do you understand their connection to Christ?
- 3) What similarities and differences do you see between Israel's worship and communion experience and our privileged relationship with Christ?
