

Notes:

Self Reflection:

- 1) What lessons from Paul's greeting can we immediately consider for our own lives? Why is it important for Paul to mention his apostolic authority and yet, at the same time, his relationship to Christ as a slave?
- 2) How often do you consider your life in light of the doctrine of scripture? Do you find yourself increasingly governed by the word of God?
- 3) Paul had great concern for this young church in Crete. Why are those concerns still valid for us as individuals and as a church family?
